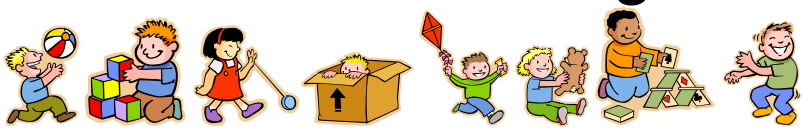
Foundation Transition Program 2022



Welcome to All,

That long awaited day when your child makes another of life's major steps is soon to arrive. To make it an easier transition for your child we are beginning a program full of fun learning experiences that will continue during Term 4. This allows students an opportunity to become familiar with our school environment, to meet some peers and to get know some of the school staff.

Of course this year it will be a little different with restrictions relating to COVID19 meaning that the start of our program will need to be conducted online. Our aim is to be able to conduct on site sessions as soon as restrictions are altered, hopefully during Term 4. This was the format that we worked with successfully during 2020.

In order to ensure we plan for the numbers attending the sessions below and are able to send you a Webex (our video conferencing platform) invitation via email we would greatly appreciate if parents could confirm attendance and finalise any outstanding enrolment documentation by contacting the school by **Monday 6th September, 2021**.

Email: penders.grove.ps@education.vic.gov.au
Phone: 9484 1076
Phone/SMS: 0436 660931

We have also opened a new page on our website,
(http://www.pendersgroveps.vic.edu.au/foundation-2022-transition.html)
where we will include regular updates on scheduled activities as well as content and videos that new students can participate in at home in order to get to know us and the school a little better.

Thank you for your co-operation,
Dayle Manley (Leading Teacher) Wendy Miller-Wada (Learning Specialist) and Douglas Lunt (Principal)
