Dear parent/guardian,

Pender's Grove Primary School is looking forward to another great year of teaching and learning and would like to advise you of Pender's Grove Primary School's voluntary financial contributions for 2022.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Within our school this support has allowed us to provide an enriched learning and teaching program for every student and is highly valued by our school community. The commitment from parents to contribute benefits students and results in improved achievement outcomes, wellbeing and engagement in learning.

At Pender's Grove primary School, we design and develop learning and teaching programs drawing on the best educational knowledge and practices and strive to offer broad and enriched opportunities to students that are above and beyond what is required in the standard curriculum and what is provided for by Government funding.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Douglas Lunt
