

Maths Lesson

Friday 29.05.2020

Learning Intention: To practice our multiplication

Success Criteria: To solve problems using multiplication.

Number Fluency: Multiplication.

Time yourself (2 mins) writing your 6 times tables. Repeat twice and see if you get better.

Guided Work

Today you are going to complete a quest on Mathletics.

Good Luck.

Once you have finished you may play some Live Mathletics or play some games on Maths Playground.
